CLEARVIEW SCHOOL - PA - 43,640 sf, project that gained all 10 optimize energy credits for a USGBC LEED Gold designation.

ECO-BLOCK contributed to LEED energy credits, recycled material credits and locally manufactured credits.

BEST INN & SUITES - Kentucky - 106 unit, 3 story hotel. 56,000 sf. Exterior wall of ECO-Block with steel framing/masonry construction for interior walls.

ECO-BLOCK was chosen for energy savings and sound rating to combat the noise from the nearby airport.

HARBORVIEW CONDOMINIUMS - Canada 5 story, 39 unit luxury condominium, approximately 12,900 sf per floor, ECO-Block was used for exterior, corridor and demising walls; mechanical rooms, elevator shaft and stair wells.

ECO-BLOCK offered cost savings on construction time - 11 days per floor.

WESTBEND AIRCRAFT HANGAR - Wisconsin TCA member contractor preset ECO-Block panels into 18 ft high tilt forms. Interior finished with steel panels, exterior concrete.

ECO-BLOCK was chosen for cost competitive insulation.

MARATHON MOLD - Florida 8,600 sf manufacturing plant, combining ICF walls with steel frame interior.

ECO-BLOCK selected for energy savings and ability to withstand winds of up to 250 mph.
